

## OPERATIONS & MAINTENANCE REPORT

**2019  
QUARTER 1**

**PREPARED BY:  
WAYNE FOX  
April 4, 2019**

## **District Safety Program**

The District Superintendent continues to conduct a series of Tail-Gate safety meetings during the week to keep employees mindful of safety precautions and the proper operation of equipment. Safety meetings were held on:

- Fall Protection
- Fatigue
- Grinders and Abrasive Saws
- Safety using Loaders
- Hazard Recognition

## **Maintenance Operations**

Under the direction of Wayne Fox, District Superintendent, staff addressed maintenance concerns throughout the District.

The major maintenance projects include:

- Grading of canals and basins within the District
- Dredging and hauling of sediment from Cameron Creek
- Hauling sand to District canal banks for dust control
- Removal of trash and debris from canals
- Disc Liberty Basin and take banks down to field level
- Yard landscape cleanup

## **Vehicle Maintenance Program**

The Vehicle Maintenance staff (VM Staff) has been busy maintaining and repairing construction and maintenance equipment. The maintenance issues that have been addressed include:

- Continue to repair and maintain District fleet
- 90-day D.O.T. inspections
- Repairs on ditch trucks
- Servicing equipment in the field
- Repairs to Icon Scrapers

## **Herbicide Application Program**

The Herbicide Application Staff (Herbicide Staff) has been working on applying herbicide chemicals to District canal embankments. Herbicide staff also provided contact spray operations for Evans Ditch Co.

The following chemicals were used at the specified rates:

<b>Chemical</b>	<b>Rate</b>	<b>Units</b>
Roundup	554.5	Gallons
Tribune	98.25	Gallons
No Foam A	43.375	Gallons
Surflan A.S.	146	Gallons
Cleantraxx	89.5	Gallons
Payload	960	Ounces
Milestone	96	Ounces

## **Construction Projects**

The District construction staff under the direction of Mr. Fox has been working on the following projects:

### **Cordeniz Basin Project**

- Install 21" PVC line for Serpa West Ditch replacement
- Install 21" PVC north to existing turnouts
- Installation of Serpa West Pipeline Distribution Box
- Reconnect existing Turnouts Distribution
- Manage dirt removals by contractors

### **Modernization Phase II (SCADA)**

- Install sensors in Evans Ditch measurement structure
