

LANDOWNER ROUNDTABLE MEETINGS

TULARE IRRIGATION DISTRICT
SUSTAINABLE GROUNDWATER MANAGEMENT ACT

The Tulare Irrigation District, as a member of the Mid-Kaweah Groundwater Sustainability Agency (MKGSA), will host a series of roundtable discussions with landowners to receive comments and input to the MKGSA Groundwater Sustainability Plan (GSP). The GSP is a required action of the Sustainable Groundwater Management Act (SGMA) of 2014 and is available for public review at www.midkaweah.org.

To support outreach and a means for a collaborative discussion on the GSP, the District is hosting 12 roundtable discussions for up to 12 participants each between Aug. 14 and 27. These meetings will review the SGMA, provide an overview of the MKGSA GSP, and receive your initial comments to the GSP. The goal is to encourage discussion, while also providing various dates/times to accommodate the busy schedules of farmers and landowners. The meetings will be conducted by TID General Manager, Aaron Fukuda. Please take advantage of this opportunity to receive an update on the SGMA process and participate in the development of the MKGSA GSP.

Available Dates and Times:

8/14/19 @ 9AM
8/15/19 @ 12PM
8/15/19 @ 3PM
