

## Kaweah Subbasin Water Marketing Strategy COMMITTEE SEATS OPEN

The Kaweah Subbasin Water Marketing Strategy (Strategy) is a project to create a groundwater exchange market to allow groundwater users to achieve groundwater sustainability in accordance with the Sustainable Groundwater Management Act (SGMA).

If you are a:

- **Grower**
- **Ditch Company Representative**
- **Urban Representative**
- **Urban Resident**
- **Disadvantaged Community Representative**
- **Disadvantaged Community Resident**
- **Rural Domestic Well User**
- **Environmental/Non-profit Representative**
- **Industrial Water User**
- **Groundwater User**

And you live/work within the boundaries of the **Mid-Kaweah; Greater Kaweah; or East Kaweah Groundwater Sustainability Agencies** (collectively the Kaweah Subbasin),

**YOU ARE ELIGIBLE TO APPLY FOR A COMMITTEE SEAT!**

Committee Members will work to create a functioning groundwater exchange market so that participating water users can buy and sell groundwater pumping credits. They will address questions such as:

- Who can participate in the groundwater market?
- How will water supplies for the various beneficial users of groundwater be protected?
- How will groundwater pricing work?
- What are the geographic limits for groundwater exchanges?

If this sounds interesting to you, please contact Jeremy Barroll at Tulare Irrigation District for an application!

**Applications will be due December 31, 2020.**
